Duncan is right about hospital site

Our County Council President Tom Duncan seems to see things regarding the location of Memorial Hospital at Easton the same way I do. He presented a very clearly, reasoned basis for locating the new hospital near Easton in The Star Democrat on March 30. The sooner the hospital realizes the benefits to the Shore of Mr. Duncan's analysis, the better. We don't need to prolong this debate when the logic of remaining near Easton is so clear.

RICHARD BULMAN, Easton
