Who's running the hospital show?

No wonder Memorial Hospital hasn't been forthcoming with its affiliation agreement with University of Maryland Medical Systems (UMMS) if Joe Ross now reports to the president of UMMS.

This information was stated in Catherine Poe's March 20 guest comment in The Star Democrat (source: minutes of the Dorchester County Council meeting Aug. 8, 2006.) Although, as Memorial's CEO he also reports to the Memorial Board, isn't it likely UMMS is calling the shots?

What else is in the agreement that has been kept secret? Talbot County citizens who have generously supported our hospital over the years deserve full disclosure.
